NOTICE

Dear Parents,

This is to bring to your kind notice that there has been a sharp increase in cost of certain elements in respect of maintenance operation of vehicles like spare parts and labour cost associated with fitting of spare parts, other expenses related to manpower cost, variable nature of fuel cost etc.

Under the circumstances and to maintain quality service, we are compelled to increase the transport fees marginally from 12.50 to 12.87% per month per student for the forthcoming Academic Session 2020-2021.

You are requested to kindly make payments as per the revised fare at the time of re-admission.

We look forward to your kind co-operation and support.
